THUGS BEAT OFFICER

Special to The Washington Herald.
Philadelphia, Aug. 6.—Pounced upon by
thugs while he was waiting with a prisoner for the patrol wagon, Policeman Robert F. Waters, of the Seventh and Car penter streets station, was severely beat-en. His nose is broken and he has cuts and lacerations of the face and arms. The prisoner was taken from him by the crowd, which numbered about thirty. Waters probably saved his own life by pulling his revolver and firing three shots at his assailants.

He had received word a few minutes before that there was a lively crap game in progress. He dropped in on the crap shooters unexpectedly. Immediately there was a scramble and when the scene cleared Waters had one prisoner. He marched him to the petrol box, where a few minutes later the erap shooters reappeared with reinforcements.

The House District of Columbia Com-nittee has been working on penelon legsolation and it is hoped to have Chair man Johnson accept the Semate draft with some material changes as desired by members of the committee, in order to have action at the present session.
